Academic Information

Courses taught in English	<p>miun.se/courses</p> <p>(Please note that this is a preliminary list of courses. The final offer will be communicated to the nominated students in our Study Guide)</p>
Language requirements	Certification of English proficiency is not required for exchange students from partner universities.
Minimum credits	Exchange students are required by Mid Sweden University to study 30 credits per semester which is considered full-time studies.
Notification of Selection Results	<p>The Notification of Selection Results is the letter of admission which the student will get after their course choices and eligibility has been evaluated. It determines what courses the student has a right to study at MIUN.</p> <p>Eligibility to courses is evaluated equally between all students, exchange students included. This means that an agreement between us and a partner is not enough to enroll a student into a course. The student also has to meet the eligibility criteria.</p>
Visa requirements for non-European exchange students	<p>Migration Board visa application information & form etc.: www.migrationsverket.se/English/Private-individuals/Studying-in-Sweden/Universities-and-university-college.html <i>Getting a residence permit takes time – it is crucial that the student submits their application on the same day as they receive their admission results.</i></p>
Learning Agreement	A student's learning agreements can only include courses to which he/she have been admitted in the notification of selection results. If there is a discrepancy between the Learning Agreement and the notification of selection, the notification takes precedent.
Course Registration	Course registration open 2-3 days before the course starts. Students register for their courses upon arrival.
Change of Courses	After the notification of selection results have been sent out, there is a very limited to no chance of changing courses. There is also no add/drop period once the semester starts at MIUN. So it is vital that the students get their application right in the formal application round.
Language courses (Swedish)	"Swedish Language for foreign students" 7.5 ECTS may be taken in addition to other courses. The course is free of charge.
Exam periods	Examinations take place at the end of each course/module and are therefore spread out throughout the term. There are no final exams at the end of the semester. Sometimes re-takes are offered in January (for the fall semester) and June or August (for the spring semester)
Disability services	The home institution is responsible for contacting the host university to arrange support prior to student arrival: miun.se/en/student/service-and-support/studeramed-funktionshinder/
Grade conversion	Mid Sweden University does not provide ECTS grades, nor do we translate our own grades or grading scales into ECTS grades. Each partner institution is responsible for any translation of Swedish/MIUN grades into their country's/institution's specific grading system. MIUN cannot provide percentages or any other information regarding a student's performance other than what can be provided formally via our Ladok system.

Transcripts of record	Due to GDPR regulations, Mid Sweden University is unable to provide partner institutions with a student's transcript of records. We can provide the student with said information and then it is up to the student to forward this document to their home institution or other. Students access their formal, official, transcripts of record via the Ladok system and these are digitally verifiable for 90 days.
