Open to current undergraduate students at select NC State China Partner Universities who've completed at least one year of undergraduate study by winter 2026.

Application Deadline: October 30, 2025

Apply at go.ncsu.edu/gti-campus-gears-app

About NC State

With over 38,000 students, we are the state's largest university. NC State's College of Engineering is ranked among the best in the world. The high-level of academic study and research, plus an enjoyable and safe campus makes it a perfect combination of work and fun.

The College of Engineering, with close to 14,000 enrolled students, offers degrees in many engineering, computer science subjects. We also have great mathematics, chemistry, and material science programs. Participants are supervised by NC State professors and work with graduate students on specific research projects in on-campus labs.

Raleigh, North Carolina

Raleigh is the capital of North Carolina with a population of 400,000+ people from all over the world. Located centrally on the East Coast, Raleigh is halfway between Florida and New York City and a quick bus ride to Washington D.C., Atlanta, and Charlotte. Raleigh has a mild winter, filled with many exciting indoor activities and events.
