I got to experience a lot of things I haven't been able to do before

The winter experience in Korea with Chung-ang University was really great. The course was all great and very informative, opening doors to knowledge about culture, language, entertainment. I got to experience a lot of things I haven't been able to do before, like living in the dorm and having a roommate, because not so many people do so in my home country.

● **Afifa Ezi Ramadhiyanti** - University of Indonesia

The lectures were engaging and eye-opening.

The CAU IWP was a very satisfying program to follow through. I had the best time enjoying Seoul with my fellow exchange students. Not only I have experienced the Korean culture by myself, I also gained knowledge of what shaped the culture. The lectures were engaging and eye-opening. The choices of lecturer were also very satisfying. They all speak perfect English so that we understand all the materials given.

● **Amal Zunnur** - Universiti Brunei Darussalam

It makes me fall in love with Korea even more

Because of the special lectures and the activities that are provided in the program, it makes me fall in love with Korea even more. The special lectures about culture and music are very interesting and I am glad that I joined this program. Overall, it was very memorable and meaningful experience for me ;I definitely want to visit Korea, Chung-Ang University again.
